

H-ITT SoftClick Users Guide

The SoftClick pallets are sized for small screen application such as a web enabled cell phone. If using a computer, you can resize the browser window so that these pallets are small and unobtrusive on your monitor.

SoftClick works with H-ITT's Classroom Response Software, H-ITT CRS version 2.1.0 or later.

After you have purchased a SoftClick license key, go to <http://softclick.h-itt.com> to set up your SoftClick account. First time users will need to sign up for an account using their license key.

The SoftClick Login screen will appear.

Logging in to join a H-ITT session.

Go to <http://softclick.h-itt.com>

Enter your Email and password and click **Login**

The SoftClick application sends your answers to a web database. The confirmation given to you by SoftClick (i.e. the green **OK** at the top of the answer pallet) is only confirmation that your answer was received by the web site; **THIS IS NOT CONFIRMATION** that your answer was received by your instructor. The H-ITT Acquisition program (used by your instructor in the classroom) accesses your answers from the web site for the specific session or homework ID and question type when prompted by your instructor.

1. Enter the session or Homework ID:

Your answers will not be recorded if you are logged in to the wrong session or homework ID.

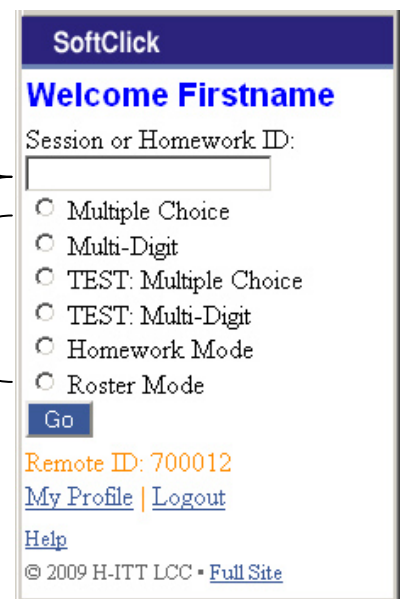

It is your responsibility to make sure you are logged into the correct session or homework ID.

2. Select the Question type:

Your answers will not be recorded if you have selected the wrong question type.

It is your responsibility to make sure you have selected the correct question type.

3. Click **Go**

KEY to success: Make sure you are logged in with the correct session or Homework ID and are using the correct question type.

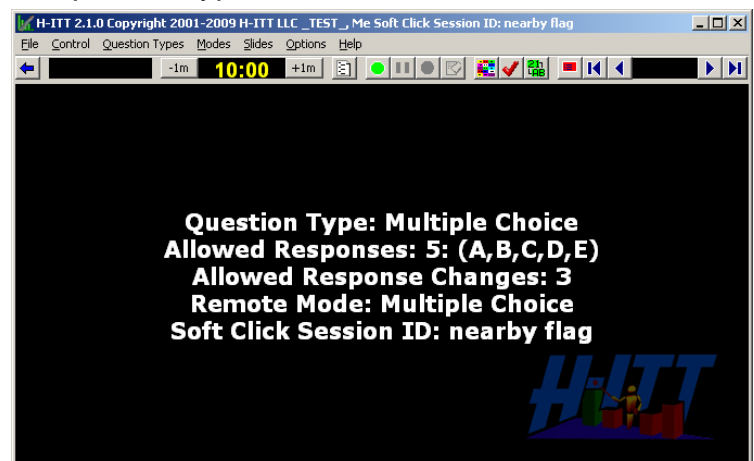

Each of the following question type descriptions include the text for the correct session or homework ID as well as what question type you should use.

If you do not know the session or homework ID or the question type: **ASK YOUR INSTRUCTOR!!**

The example to the right shows a typical Acquisition screen. The text tells you the session or homework ID you should be logged in under (in this case it is **nearby flag**).

The Question Type and remote mode (in this case **Multiple Choice**) are displayed to assist you in selecting the correct question type.

You can verify the program retrieves your answer with a visual confirmation via your ID box that should be displayed in class during questioning or answer retrieval.

Multiple Choice

The screenshot shows the 'SoftClick' header in a blue bar. Below it, the title 'Multiple Choice' is displayed. There is an 'Answer' label next to a text input box, and a blue 'Send' button below it. The status information includes 'Remote ID: 700004' and 'Session ID: nearby flag' in orange text. At the bottom, there are links for 'Home', 'Logout', and 'Help', along with the copyright notice '© 2009 H-ITT LCC' and a link to the 'Full Site'.

Enter your answer in the box and click **Send**.

Acquisition screen:

Question Type: Multiple Choice
Remote Mode: Multiple Choice
SoftClick Session ID: nearby flag

Multiple choice responses are limited to entering A-J, or 1-0 (0=10).

Also note that the Acquisition screen may include a limit on the number of **Allowed responses** if you send an answer outside of this range it will not be received.

Multi-Digit (fill in the blank)

The screenshot shows the 'SoftClick' header in a blue bar. Below it, the title 'Multi-Digit Answer' is displayed. There is an 'Answer' label next to a larger text input box, and a blue 'Send' button below it. The status information includes 'Remote ID: 700004' and 'Session ID: nearby flag' in orange text. At the bottom, there are links for 'Home', 'Logout', and 'Help', along with the copyright notice '© 2009 H-ITT LCC' and a link to the 'Full Site'.

Enter your answer in the box and click **Send**.

Acquisition screen:

Question Type: Fill in the blank
Remote Mode: Multi-Digit
SoftClick Session ID: nearby flag

Multi-digit answers can be up to 20 characters and are limited to: alpha (A-Z) numeric (0-9), period, space, equals sign, plus sign, minus sign, divide sign, open and close parenthesis, and the greater than less than symbols.

TEST: Multiple Choice

The screenshot shows the 'SoftClick' header in a blue bar. Below it, the title 'TEST: Multiple Choice' is displayed. There is an 'Answer' label next to a text input box, and a blue 'Send' button below it. Below the 'Send' button are two buttons: 'Previous' and 'Next'. The status information includes 'Remote ID: 700004' and 'Session ID: nearby flag' in orange text. At the bottom, there are links for 'Home', 'Logout', and 'Help', along with the copyright notice '© 2009 H-ITT LCC' and a link to the 'Full Site'.

Enter your answer for the 1st question and click **Send**. Click Next to scroll to the next question. Your ID box in the Acquisition screen will show the question number in yellow text that you are answering. Previous lets you review that you have answered all the questions via the white number in your ID box: 0 means you have not answered that question.

Enter your answer for the question number shown and click [Send](#). The Question number will auto advance.

Acquisition screen:

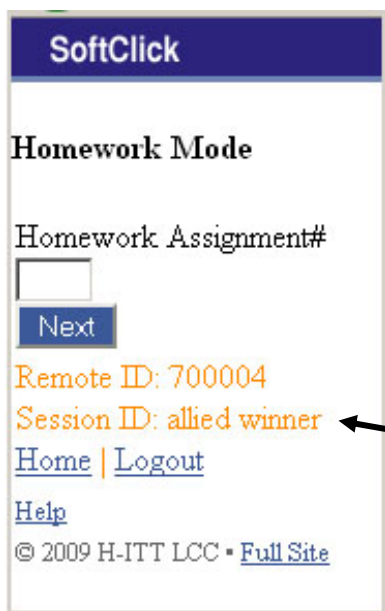

Question Type: Fill in the blank Testing Mode
Remote Mode: Test Mode
SoftClick Session ID: nearby flag

The previous and next button allows you to scroll through your answers for review. If your instructor allows response changes, you can scroll to any question number, edit and resend it.

Acquisition screen will show the question number in yellow text that you have answered.

Answers can be up to 20 characters and are limited to: alpha (A-Z) numeric (0-9), period, space, equals sign, plus sign, minus sign, divide sign, open and close parenthesis, and the greater than less than symbols.

Homework Mode

The Homework mode allows you to enter a specific homework assignment number if this is enabled and provided by your instructor.

If no homework assignment# is assigned by your instructor, click **Next** to skip this step.

NOTE: The Homework mode uses a different ID than the standard session ID, make sure you login with the Homework ID specified by your instructor.

Enter your answer for the question number shown and click **Send**. The question number will auto advance.

The previous and next button allows you to scroll through your answers for review and edit. You may change your homework answers anytime prior to your instructor collecting the homework. You may log out, and re-login to resume answering your homework assignment.

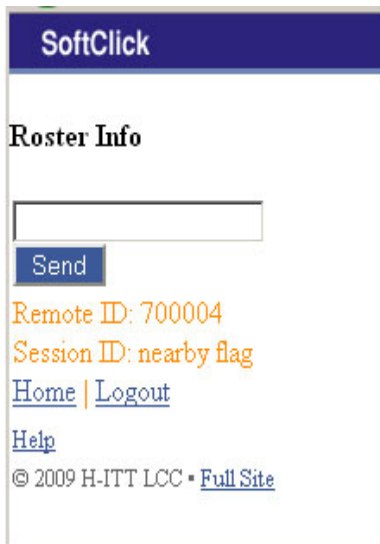

When you return to class you can verify your homework has been collected via your ID box in the Acquisition screen when your instructor collects the homework assignment.

Answers can be up to 20 characters and are limited to: alpha (A-Z) numeric (0-9), period, space, equals sign, plus sign, minus sign, divide sign, open and close parenthesis, and the greater than less than symbols.

NOTES:

1. Clicking the [Home](#) link will bring you back to the Welcome page where you can change both the session ID# and the question type selection.
2. If you forgot your password you can click on the [Lost your password?](#) link from the login pallet. Upon validation a new password will be emailed to you. You can change your password from your Profile pallet.
3. From the Welcome page, clicking on [My Profile](#) gives you the following information:
 - a. Your name
 - b. Your SoftClick remote ID number
 - c. Your license expiration date along with the days remaining under the license
 - d. A link to renew your registration
 - e. A link to change your password
